CIRCULAR COVE

Plaster Recessed LED Profile

Revolutionary plaster recessed LED profile is a trimless and seamless solution to traditional aluminum recessed LED channels and diffusers. Our handcrafted gypsum mold uses indirect lighting to hide LED tape and create a continuous luminance without a lens. Our cove lighting is easy to clean and made from environmentally friendly green materials. Linear Cove is field cuttable for custom designs without seams. It is available in continuous 3-foot lengths and 40-inch circles.

- Revolutionary flush mounted trimless design which offers consistent aesthetics
- Made out of Environmentally Friendly plaster materials
- Our plaster fixtures can be painted with standard paint colors.
- Can house any UL energy efficient LED light strips available in the market
- Lens free installation
- LED tape and power supply NOT Included
- Field cuttable
- Built-in aluminum channel for heat dissipation & easy stick LED tape installation (3m)
- Wet location rated when painted with water-proof paint
